Louvre Panels

- Louvre Panels are press steel panels
- Louvre Panels provide a convenient and cost-effective way to support parts bins in a custom configuration for small parts picking
- They are able to be placed on a workshop bench or at the end of a shelving unit.

Innovative Design Efficient Installation Quality Solutions

Product Code	Height	Width
PL31010	457	457
PL31060	610	457
PL31110	900	457
PL31160	1829	457

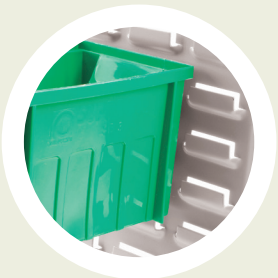

Single Sided Louvre Panels can be mounted to desks, walls or shelving systems. The louvre panel can be fastened onto a flat surface.

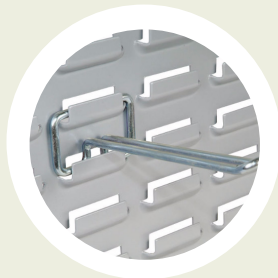

Mobile Louvre Panels are double sided. The louvre panel is fitted with a base stand and castors to mobile the storage unit.
