LOUVRE PANELS

Louvre Panels are press steel panels. They provide a convenient and cost-effective way to support parts bins in a custom configuration for small parts picking. Louvre Panels are able to be placed on a workshop bench or at the end of a shelving unit.

Innovative Design Efficient Installation Quality Solutions

Height/Depth Standard Sizes (mm)		Height			
		457	610	900	1829
Width	457	✓	✓	✓	✓

Single Sided Louvre Panels can be mounted to desks, walls or shelving systems. The louvre panel can be fastened onto a flat surface.

Mobile Louvre Panels are double sided. The louvre panel is fitted with a base stand and castors to mobile the storage unit.

Parts Bins fit securely into the Louvre Panel as well as have the ability to be removed as necessary.

Louvre Panel Hooks provide an ideal method to the storage of parts such as fanbelts, gaskets, hoses and packaged items.
