PARTS BINS

Parts Bins are an ideal storage solution for the storage of small goods and loose parts as they allow for a high density store of small items. Pick Bins can be stored on a wall, louvre panel or they are able to be stacked. The Bins are available in a variety of colours.

Innovative Design Efficient Installation Quality Solutions

Height/Depth Standard Sizes (mm)	Height	Width	Depth	Colours
SB1	60	96	115	Blue, Green, Red, Yellow
SB2	85	96	165	Blue, Green, Red, Yellow
SB3	125	130	225	Blue, Green, Red, Yellow
SB4	145	180	280	Blue, Green, Red, Yellow
SB5	145	180	435	Blue, Green, Red, Yellow
SB6	145	365	285	Blue, Green, Red, Yellow
SB7	215	425	435	Blue, Red
SB8	300	425	600	Blue, Red

The usage of Parts Bins is to store a single Stock Keeping Unit (SKU) per bin or compartment. The bins are strong, lightweight and durable, they are a high quality small parts storage solution.

Parts Bins have the ability to integrate with a variety of storage options such as Selective Pallet Racking, Long Span Shelving and Workbenches. They can also be joined to a louvre panel for easy picking of the contents in the Parts Tray.

All Parts Bins come with the option to add labels to the front of the bin for easy identification. They include a section to hold an ID Card. Labels can include a product title, barcode or both of the contents in the Parts Bin.

Parts Bins are stackable, they come fitted with a stacking rim, in addition to a strong heavy duty reinforced base.
