## WORKBENCHES & PACKING BENCHES

Orbit Workbenches are ideal for workshops, warehouses and garages. They have multiple uses including packing, assembling and heavy duty hard work. Workbenches are a cost-effective solution and can be accessorised in many ways.

## Innovative Design Efficient Installation Quality Solutions

Height/Depth Standard Sizes (mm)	Size Options		
	Height	Width	Depth
Medium Duty	930	1400 2000	600 900
Heavy Duty	930	1800 3000	900

Medium Duty Workbenches have a load rating of 500kg per workbench. The frame and beams come in a Powder-Coat finish. The Medium Duty Workbenches are constructed from Open Span (Long Span) components.

Heavy Duty Workbenches have a load rating of 1500kg per workbench. They come in a Powder-Coat finish or a Pre-Galv finish. The Heavy Duty Workbenches are constructed from Pallet Racking Components.

All Workbenches come with two shelf levels, with the lower shelf level adjustable using the beam slot increments of the frame post. The benchtops are an 18mm MDF board and with a 18mm Particle Board undershelf.

Workbenches can be accessoried in many ways including castors to create a mobile system and louvre panels which can then take Parts Bins and Hooks.
